# LUTHERAN NEIGHBORHOOD SCHOOLS

Schools for the **Future** | Rooted in **Faith**

# Schools for the **Future**

## Who We Are

We are a group of Lutheran educators that want to deliver a unique school experience to students and families that desire to learn, grow, and thrive.

We are an intentionally small school focused on teaching the Lutheran faith, providing students with personalized learning plans, and doing what larger schools cannot.

We want to strengthen the church-school connection and build a community of believers that will support our students for life.

NEIGHBORHOOD SCHOOLS

## Curriculum

Our personalized curriculum meets the needs and expectations of students and families while also meeting and exceeding state and national standards.

The curriculum puts God first, is based on Biblical truth, and is adaptive to the challenges and opportunities of the present and future.

## What We Offer

Christ-focused education that intentionally connects your students with sponsoring churches

Small class sizes and a small school (No more than 50 students)

Personalized curriculum that interests and challenges your student

A partnership that recognizes the family as a child's first and most important teacher

Independent learning that builds confidence and self-reliance.

Rooted in **Faith**
