Bring your opinions and questions to our first-ever forum event with Dr. Charles Arand, *Dean of Theological Research, Director of the Center for the Care of Creation at Concordia Seminary, St. Louis*

Hundreds of us posted pics of the #SuperMoon on Instagram and Twitter. Why does creation stop us in our tracks? **And what is our responsibility when it comes to caring for the environment?**

Is there more to our life in creation than taking care of it so that things don't get worse?
